

CLOSURE OF SCHOOL DURING RECENT BAD WEATHER

The closure of the school for four days at the beginning of term could not be avoided. The main problem this year was the exceptionally low temperatures after the initial fall of snow – these persisted for several days, making the school site dangerous to use. It was not until the Friday lunchtime of that week that site staff had cleared the snow and ice from the entrances, paths, roads and car parks so that they were safe to use.

The decision to close the school is never an easy one. It has to be made early, usually by 7.30am, so that announcements can be made on Radio Ceredigion. Some of the forecasts were confusing. Even if conditions in Aberystwyth itself are reasonable a significant number of staff and pupils live in the rural areas where, as on this occasion, conditions were appalling. As I have explained before a secondary school timetable can not be run effectively if more than 15 teachers are absent on any one day. Further problems are caused by the absence of site staff or catering staff. If you add to this the difficulties some of the bus contractors face in these conditions, you can understand how difficult it is to avoid closing the school. The decision to close is never taken lightly and it is one taken in collaboration with the headteacher of Ysgol Penweddig as both schools share the same bus routes.

Many parents found the school text messaging service very useful in these circumstances. This service will also enable school

HISTORY

Holocaust Memorial Day – is marked each year on 27th January. This year marks the 65th anniversary of the liberation of the death and concentration camp at Auschwitz-Birkenau. The day commemorates all communities who suffered as a result of the Holocaust and Nazi persecution, and demonstrates that the Holocaust is relevant to everyone today as it also presents an opportunity to consider more recent atrocities that raise similar issues. There are still many lessons to be learned at an international and individual level.

The theme for the UK Holocaust Memorial Day 2010 is 'The Legacy of Hope' and it asks all of us to become part of this legacy by offering opportunities to listen to survivors of the Holocaust.

Mrs. Poyton, History Department, took advantage of the opportunity to take part in the Holocaust Educational Trust's Lessons from Auschwitz Project in June 2009. This involved hearing a testimony from a survivor of the Holocaust and a visit to the concentration and death camp Auschwitz-Birkenau. Following on from this experience and the link made with the Holocaust Education Trust, on Tuesday 2nd February Penglais will be visited by Holocaust survivor Joanna Millan and Year

CLOTHES BAG COLLECTION

A big thank you to everyone who donated clothes and linen to the 'Clothes Collection' before Christmas. Over 100 bags were brought into school which raised £400 towards building school / toilet facilities for a school in Awassa, Ethiopia. The next bag collection will take place the week 12th – 16th April and we would be very grateful if you could remember this when spring cleaning your wardrobes! Bags can be dropped off at school between 3.30 and 5.45pm on these dates as well as during the school day.

9 pupils will listen to her testimony. It is a privilege for us to welcome Joanna to our school. We are grateful to the Holocaust Educational Trust for co-ordinating the visit and we hope that by hearing Joanna's testimony, it will encourage our students to learn from the lessons of the Holocaust and make a positive difference in their own lives.

On Wednesday 3rd February Dr. Chris Steed, an educator from the HET, will visit school and lead follow up sessions for the pupils in which they can reflect upon Joanna's testimony and what they have learned.

A further result is that we are able to offer two sixth form pupils the same opportunity to participate in the Lessons From Auschwitz Project in March 2010. This will be an excellent chance for pupils to become involved and hopefully help to design and implement projects in school and in the wider community where they can share their experiences and the lessons they have learned.

PAST STUDENT SUCCESS – GETHIN JONES

Year 13 student Aled Jones's brother Gethin, a previous winner of the Jane Curwen prize, has continued to develop his musical talents. He graduated from the Royal College of Music and Drama in Cardiff this summer with a degree in Jazz Studies. During his time in Cardiff he has played with and for some of the leading names in jazz music, including Quincy Jones who was very appreciative of his drumming skills. Gethin also won one of six Yamaha scholarships this year, awarded to the top jazz student in each of the UK Conservatoires. As well as a financial prize, which was awarded at a special presentation evening at the House of Commons, the scholars recorded a CD of their own work. The CD was launched at the 606 Jazz Club in London recently and was available free with the December issue of Jazzwise magazine.

Gethin is hoping to continue his jazz studies and is busy performing in venues around the UK as well as teaching drum skills in schools in South Wales. He has his own jazz ensemble who have been invited to the New York Jazz Festival next year where they will be launching their first CD. We all wish him every success.
