

CONTINGENCY SUBJECT ASSESSMENT PLANS

AS LEVEL

2021-22

Penglais School

Contingency Assessment Plans 2021-22

It is very clear from Qualification Wales, WJEC and the Welsh Government that the intention is for exams to take place this summer for students for GCSE/AS/A2 and any relevant vocational qualifications. However, schools are being asked to have contingency arrangements in place in case the exams cannot be held.

If exams are cancelled, students will be awarded a Centre Determined Grade (CDG) for their AS Level and BTEC subjects this year. The CDG must be based on demonstrated attainment in areas of the qualification content that a learner has covered. Centre determined grades are **not** the same as target or predicted grades as they will not be awarded on the basis of potential attainment. The assessment evidence collected must cover all assessment objectives and represent sufficient coverage of breadth of **adapted specification content** requirements. Assessments used for the potential contingency assessment arrangements should not detract from preparation for the summer 2022 exam series. Therefore, a few pieces of substantial, high-quality, authentic evidence will be used to demonstrate attainment.

Centres are being asked to create high-level **Subject Assessment Plans** and to share these with students. It is important that students are aware of what assessments will be used prior to them completing the assessments. We must not provide students with specific details of assessment questions or past papers. Each assessment has a week beginning date so students can plan. Due to circumstances at the time, teachers may need to adjust the assessment date slightly and will inform students well in advance.

This booklet provides an overview of the assessments that would be used as evidence for a Centre Determined Grade for each AS subject, should exams not go ahead.

The assessments are very much the normal way of working for departments and should be viewed positively as an opportunity to practice under exam-conditions. Any revision made for these assessments will support and prepare students for the exams in the summer.

The school will implement the following assessment approach to provide evidence of student performance in a subject in a fair, robust and equitable way.

If students are following qualifications in Business, their class teacher will explain the assessment arrangements for these subjects.

The Welsh Baccalaureate teacher will explain the arrangements for this qualification.
